

# ITNRides 2.0

## Updates and Improvements

### Enhancements

- New button on Contact, “Manifest Send 3 days out” is live. The primary intent is to be able to send out Monday manifests on Friday, but it will work for any day.

### Bug Fixes

- The recurring payments in the online processing portal were not working properly. This bug has been fixed and users can schedule a recurring payment.
- Online payment using a credit card security code (CVV) that started with zero were failing. This bug has been fixed.
- When making an online payment, sometimes the checkout button was enabled when all required fields were not completed. This has been fixed.
- There have been some issues with monthly balances. These have been corrected.

### Holiday Schedule

- ITNAmerica will be closed on December 26th and January 2nd, both are Mondays.
- Many staff people are out between now and the new year. We will have coverage for the Help Desk every day, but response times may be slower.
- There will be no ITNRides Updates for the next two weeks.
- Enjoy the holiday season!
